## Aliens Sighted at Local Primary School

By Jane Doe

Yesterday, local students from Peaceful Primary School witnessed a terrifying event as they walked to school. An alien spaceship was seen hovering in an out of control manner, right into the ditch near the playground.	10 24 35
School principal Mr Leo Hedley, 59 years old, said that the event caused great fear among students, staff and parents. "Everyone was running for their lives," he said. "There was smoke, twisted metal and strange green goo coming out of the spaceship."	49 62 75 79
The school was closed for the day while local police investigated the crash site. Officers cordoned off the area and would not allow civilians to come closer than ten metres to the scene.	93 107 112
According to local police officer, Detective John Bolt, the aliens in question are on the run and still have not been located. "It's frightening to think that they are still out there somewhere," he said. Any witnesses to this event should contact Crime Stoppers on 111.	125 140 154 159

Yesterday, local students from Peaceful Primary School witnessed a terrifying event as they walked to school. An alien spaceship was seen hovering in an out of control manner, right into the ditch near the playground.

School principal Mr Leo Hedley, 59 years old, said that the event caused great fear among students, staff and parents. “Everyone was running for their lives,” he said. “There was smoke, twisted metal and strange green goo coming out of the spaceship.”

The school was closed for the day while local police investigated the crash site. Officers cordoned off the area and would not allow civilians to come closer than ten metres to the scene.

According to local police officer, Detective John Bolt, the aliens in question are on the run and still have not been located. “It’s frightening to think that they are still out there somewhere,” he said. Any witnesses to this event should contact Crime Stoppers on 111.
